

# Dear MCA,

By Executive Minister, Tim Wiebe-Neufeld  
October 31, 2018

As followers of Jesus in today's world we face challenges like these and more as we strive to faithfully live out our calling from Christ.

Questions like these are at the root of Vision 20/20. As the individuals and congregations, we are invited into this visioning and discernment process. Over the next year we will reflect on what it means to be the church in the 21st Century.

At the core of this process are questions about faithful living and the mission of the church today. How do we support each other as the body of Christ? We are invited to reflect, as individuals, called to service in Christ & as churches, engaging with those around us. What is God calling us to be and to do as we look to the year 2020 and beyond?

Phase I began with a survey for MCA pastors & leaders from every MCA congregation. Phase II takes place Nov 16-17 at Foothills church in Calgary. (Click the Vision20/20 tab at

[mennonitechurch.ab.ca](http://mennonitechurch.ab.ca)) Each church is asked to send a minimum of 4 delegates. However, everyone is encouraged to be apart of the process. If you are not attending, please keep this process in your prayers. Watch for future opportunities to engage in this important work of visioning and renewal.

Being a part of MCA means we are a part of a community of congregations. This community extends beyond Alberta to a nationwide body that is striving to live out God's mission in the world. May God's Spirit guide us as we discern what that means as we face the challenges of our time together.
